“Learning NIV by experience”

FINAL PROGRAM

5th November 2010

09.00 Opening Session

Chairs: *Fernando Rua, Gumersindo Gonzalez, Nicolino Ambrosino*

09.15 Opening Lecture

Where do we need studies for COPD?

L Brochard

09.45 Technical update on NIV application:

Chairs: *Piedade Amaro, Massimo Antonelli*

09.45 How to chose ventilatory settings

L Brochard

10.00 How to choose the best interface?

C Gregoretti

10.15 ICU ventilators vs portable NIV ventilators: what works better..?

L Brochard

10.30 Secretion management in patients with NIV: technical update

M Gonçalves

10.45 How to optimize humidification in NIV?

A Esquinas

11.00 Illustrative cases: How to read curves for NIV

L Brochard

11.15 Discussion

11.30 Coffee-Break

12:00 NIV in acute /critical care I:

Chairs: *Teresa Honrado, Jordi Mancebo*

12.00 NIV in acute hypoxemic respiratory failure: What are the limits?

M Antonelli

12.15 NIV in cardiogenic pulmonary edema: is there still a debate?

F Abroug

12.30 Can NIV work in chest trauma? What are the protocols?

G Hernandez

12.45 **Discussion**

13.00 **Lunch**

14:00 **NIV in acute /critical care II**

Chairs: *António Esquinas, Luís Telo*

14.00 When should I use NIV in the post-surgical patients..?

S Jaber

14.15 Organization of acute care NIV: from the Emergency Room to ICU

T Honrado

14.30 NIV in Very Old Patients

Frederique Schortgen

14.45 **Discussion**

15.00 **Coffee-Break**

15.30 **NIV in weaning and post-extubation respiratory failure:**

Chairs: *Miguel Gonçalves, Miquel Ferrer*

15.30 When should I use NIV: Early to prevent or late to react

M Ferrer

15.45 Specialized weaning units: what is the role of NIV?

N Ambrosino

16.00 Illustrative case reports of NIV protocols in weaning

M Vitacca

Discussion

16.30 **NIV in pediatrics:**

Chairs: *Cesare Gregoretti, Helena Estevão*

16.30 How to use NIV in a pediatric ICU?

Milagros Lopez

16.45 Surfactant and NCPAP. Preterm Babies Best Friends?

Nise Miranda

17.00 Illustrative case reports of NIV in children

Inês Azevedo, Milagros Lopes

Discussion

18.00 **Porto de Honra**

20.00 **«Wine and Tapas» Dinner**

6th November 2010

09.30 **NIV in special situations:**

Chairs: *António Sarmiento, Fekri Abroug*

09.30 Should NIV be used to treat acute respiratory failure in pandemic situations?

Joan R Masclans

09.45 NIV in “end of life “situations: When to apply?

N Ambrosino

10.00 Protocols of sedation during NIV

M Antonelli

Discussion

10.30 **Coffee-Break**

11.00 **NIV in chronic respiratory failure:**

Chairs: *Nico Ambrosino, João Munhá*

11.00 When and how should I send a patient home with a ventilator?

Cristina Bárbara

11.15 How do I monitor the ventilatory dependent patients at home? Is telemonitoring the future?

M Vitacca

11.30 Organization and quality control of home mechanical ventilation

D Robert

Discussion

12.00 **Closing Lecture**

Chairs: *João Carlos Winck, Dominique Robert*

Extubating the “unweanable” patient: How can I use NIV for continuous and full ventilatory support?

John Bach

12.45 **Closing Session**
